

JUBILEE, PT ARKWRIGHT WINDOW UPGRADE

POINT ARKWRIGHT, QLD

BODY CORPORATE | PROJECT VALUE \$195K

Plexxcon completed the Jubilee Pt Arkwright Window and Lintels Replacement project.

This project consisted of removal of existing windows, window lintels and brickwork fins on various windows in the Jubilee Apartment Complex and replacing them with an updated design.

The project was undertaken whilst all units were still tenanted. The project required a high level of logistical planning to ensure that access to all units is not impeded.
